Sprint Analysis

Team Members :

202101015   DHRUVAM RAJESH SHAH
202101036   ARYAN MAULIK TRIPATHI
202101021   LANGALIA SAMARTH JIGNESHKUMAR
202101086   ADITYA SINGHANIA
202101047   HIYA DINESHKUMAR CHAUDHARI
202101030   CHAITANYA SHETH
202101078   JAIMIN LEUVA SHAILESHBHAI
202101053   MUSTAFA SHABBIRBHAI LOKHANDWALA
202101095   PADALIYA SRIKAR SHAILESHBHAI
202101049   CHAUHAN RAJKUMAR JIVANBHAI

Sprint 1
- Developed a registration page allowing students to create accounts and sign up for courses.
- Implemented a course creation page enabling instructors or administrators to create new courses, including the ability to set course descriptions.

Sprint 2
- Developed a student dashboard providing students with the capability to view their enrolled courses, upcoming assignments, deadlines and announcements from admin or instructor.
- Implemented an instructor dashboard to empower instructors in managing their courses and posting announcements and edit announcements.

Sprint 3
- Developing a course search feature allowing students to search for courses by keyword, subject, and instructor.
- Implementing a system that enables students to request to join courses and register.

Sprint 4
- Developing a course content management system enabling instructors to upload and organize course materials like slides, videos, and readings.
- Adding functionality for instructors to create assignments, quizzes, and other assessments for their courses.

Sprint 5
- Developing a grading and feedback system enabling instructors to grade student assignments and provide feedback.
- Implementing a reporting system that offers detailed analytics on student performance, including grades and progress over time.

Sprint 6
- Implementing a discussion forum where students can ask questions, share ideas, and communicate with instructors.
- Developing a course evaluation system allowing students to provide feedback on the course and instructor.
- Adding functionality for students to submit assignments and quizzes online.
